Northridge, CA 91325 | (747) 365-6689 | me@kelangithakim.com | F-1 Visa

SUMMARY

Computer Science in Business student with three years of EE coursework and hands-on IT experience in hardware setup, networking, and multi-OS troubleshooting. The EE background fits solar power systems (panels, MPPT, inverters, batteries). Available across CA, NV, and TX, or Ontario only.

TECHNICAL SKILLS

- **Hardware Setup & Repair:** Installation, disassembly, and reassembly of computing devices (MacBooks, iMacs); component-level handling
- **Networking:** WiFi router and network configuration, connectivity troubleshooting
- **Software & OS:** macOS, Windows, Microsoft Office Suite; system installation and configuration
- **Troubleshooting:** Hardware, software, OS, and network issues; 90% first-contact resolution rate
- **Inventory & Asset Management:** 200+ device tracking via Microsoft Excel, policy compliance
- **AV / Field Setup:** Projector, display, and computer connectivity for live events
- **Relevant EE Coursework:** Circuit analysis, electronics, and power fundamentals applicable to solar panels, MPPT, inverters, and lithium batteries

EDUCATION

Pacific States University <i>B.S. Computer Science in Business Los Angeles, CA</i>	January 2026 - Present
California State University, Northridge <i>B.S. in Electrical Engineering Northridge, CA</i>	Aug 2024 – October 2025
Green River College <i>Transfer Coursework Auburn, WA</i>	Sept 2022 – June 2024 69.3 credits GPA 3.50

EXPERIENCE

IT Student Assistant — College of Media, Communication, and Arts, CSUN Oct 2024 – Aug 2025
Northridge, CA | Part-time

- Installed and configured hardware and software across macOS and Windows environments, including full disassembly and reassembly of MacBooks and iMacs.
- Configured and supported network connectivity, resolving WiFi and access issues for faculty and students.
- Managed a 200+ device IT inventory in Microsoft Excel, maintaining policy compliance and accurate asset tracking.
- Troubleshoot Microsoft Office and campus-specific applications, achieving a 90% first-contact resolution rate.
- Documented technical issues and solutions to support ticket handoff and knowledge sharing.

Office Assistant — Office of Diversity, Equity, and Inclusion, Green River College Aug 2023 – June 2024
Auburn, WA | Part-time

- Provided hands-on technical assistance to students, staff, and faculty — troubleshooting hardware/software and resolving system access issues outside the role's primary scope.
- Streamlined the Book Loan Program by maintaining accurate inventory records, reducing request processing time by 40%.
- Organized physical and digital resources to keep the workspace efficient and audit-ready.
- Worked with a diverse population, addressing concerns with patience, professionalism, and clear communication.
